

RECOGNITION OF RESEARCH PROGRAM CALL 2015

The Barcelona GSE Research Recognition Program is a prize that acknowledges and rewards Barcelona GSE Affiliated Professors who have published research papers in a list of international economic journals of high impact within the last three years. The Severo Ochoa Program supports the 2015 Call.

The 2015 Call will recognize papers published in 2014, 2013 and 2012.

Conditions

1. *Eligibility:* The Recognition Program is open for everyone who will be a Barcelona GSE Affiliated Professor in 2015/2016 academic year.
2. *Journals:* The list of journals included is attached (there have been no changes from previous years). Please note that comments, replies, corrigenda, surveys, proceedings, and book reviews are not eligible.
3. *Affiliation:*
 - All papers accepted after March 1, 2012 must include the Barcelona GSE Affiliation. Affiliation should be "X and Barcelona GSE", where 'X' refers to one of Barcelona GSE academic units (Universitat Pompeu Fabra, Universitat Autònoma de Barcelona, Institut d'Anàlisi Econòmica -CSIC, Centre de Recerca en Economia Internacional, or any combination of them including ICREA and MOVE). Third affiliations are also admitted, but they must be listed after Barcelona GSE.
 - If you submit a paper that was published in 2014 with one of the four academic units affiliation without the Barcelona GSE affiliation, it will only be eligible for the recognition program if it is accompanied with a document (email or letter from the editor) that clearly states that the paper was accepted before March 1, 2012.
4. *Leaves:* If an Affiliated Professor is on leave for 2015/2016 academic year, he/she will receive the prize (if other conditions of the Recognition Program are satisfied). For Affiliated Professors who are on their second or third year of their leaves, the prize will be withheld until their return to Barcelona GSE.

Procedure

Affiliated Professors have to submit their 2014 publications in a pdf file to recognition@barcelonagse.eu before Friday, July 31, 2015.

There is no need for submitting publications published in 2013 and 2012. The payments will be made during Autumn 2015.

Economic Award

The amount of the economic prize depends on the number of publications, the Journal's impact, the number of coauthors, whether you have additional non-Barcelona GSE community affiliations (excluding affiliations such as CEPR or NBER).

Those who would like to receive only the academic acknowledgement may renounce to the economic award, which will be transferred to the Barcelona GSE Endowment.
